

Serving the transportation industry since 1979.

Blaine Brothers is an authorized Capacity dealer and has been selling yard trucks for over twenty years, giving us knowledge and experience you can depend on. We put our knowledge and experience to work for you!

Blaine Brothers offers full-service **rentals**, both short and long term at competitive prices.

We offer complete **service** for all makes and models of yard trucks. From minor on-site repairs to complete truck refurbishing, our passion and dedication to service sets us apart. Blaine Brothers strives to not only provide you a terminal truck but to partner with you throughout the life of your truck to keep in running smoothly.

Looking for **parts**? We know yard trucks inside and out, and we stock quality parts for all makes and models to keep your truck moving!

The TJ Series, known as the “Original Trailer Jockey”, has evolved into other reliable models of yard jockey trucks including the TJ 5000 and 6500 series. The difference between each model is single or double rear axle, the surface conditions where it’ll work it’s gross combined weight rating (GCWR). All Capacity Yard Jockey models can be off-road or DOT, depending on your needs as well as with your chosen features. Blaine Brothers will help you choose the right TJ model for you!

Dura-Ride is Capacity’s patented true air ride rear suspension system that’s available as an option on our TJ 5000 model. Dura-Ride not only provides a much more comfortable ride for the driver but it also reduces the “beating” that a rigid ride truck is subjected to.

Dura-Ride’s unique system gets high marks from operators and maintenance officials alike. Those who ride in a Capacity Truck with Dura-Ride versus other brands say there’s no comparison. We think you will too!
